Index to Volume 19, Numbers 1-12
(January - December 1989)

© 1990 Springhouse Corporation, Springhouse, PA 19477

This index is arranged in two sections: the Subject section and the Author section. Subject headings are those used in the Cumulative Index to Nursing and Allied Health Literature, supplemented by the language style of *Nursing89*. An abbreviation in parentheses after the title indicates an editorial department (listed below). The month of issue and page number then follow.

Abbreviations used in this index are:
